

Ishan Dhole

Mumbai | +91 7400477735 | ishandhole65@gmail.com
linkedin.com/in/ishan-dhole-2b367631b | github.com/ishandhole

Computer Science and Data Science undergraduate with practical experience in Python, Data Analysis, and Data Visualization through independent and applied projects. Experienced in cross-functional collaboration and technical communication. Seeking a Data Science or Data Analytics internship.

EDUCATION

B.Tech — Computer Science Engineering and Data Science

SVKM's NMIMS Mukesh Patel School of Technology Management and Engineering, Mumbai | Expected Jan 2028 | CGPA: 8.0

- Relevant Coursework: Data Structures, Python Programming, Statistics, Database Management, Machine Learning

SKILLS

TECHNICAL

Languages & Libraries: Python, C/C++, SQL, HTML/CSS, Pandas, NumPy, Matplotlib, Seaborn, Scikit-Learn, SAS

Tools & Platforms: FastAPI, Jupyter Notebook, Tableau, Git, GitHub, Figma, Microsoft Office Suite

Concepts: Data Analysis, Data Visualization, Exploratory Data Analysis (EDA), Data Wrangling, Machine Learning, Statistical Analysis

Communication & Soft Skills: Technical writing, workshop facilitation, peer mentoring, cross-functional collaboration

PROJECTS

PayFlux — Agentic AI for Smart Payment Operations

Python · LangGraph · Kafka · Scikit-Learn · Streamlit | Hackathon | [github.com/ishandhole/Cyber-Cypher_B7_B093]

- Built a real-time agentic AI system optimizing payment gateway selection using ML-based routing algorithms, automated failure detection, an LLM-based recovery agent, and a live Streamlit dashboard.

PROMETHEUS — Predictive Supply Chain Command System

TypeScript · Next.js · Gemini AI · Supabase | Hackathon | [github.com/ishandhole/Cyber-Cyphe_Round2_B7_B093]

- Built and deployed a production-grade AI system using a multi-factor Bayesian confidence model to autonomously detect supply chain anomalies, predict shipment failures 6 hours ahead, and trigger corrective actions across live logistics flows.

Skew — AI-Powered Options Market Analytics Platform

Python · Pandas · Plotly · Streamlit · PostgreSQL · React · TypeScript | Hackathon | [github.com/ishandhole/CodeForge-DDD-techies]

- Built interactive dashboards and visualizations to analyze options market data, uncovering patterns in volatility, open interest, and trading volume using Plotly and Streamlit, with data queried and structured via PostgreSQL.

Sleep Trend Analyzer

Python · Pandas · NumPy · Matplotlib · Seaborn | Academic Project | [github.com/ishandhole/Sleep-analysis-]

- Performed data wrangling and exploratory data analysis (EDA) on sleep datasets to identify correlations between lifestyle habits and sleep quality, visualized using Matplotlib and Seaborn.

EXPERIENCE AND ACTIVITIES

Technology Team Member · ACM MPSTME Student Chapter

Mumbai | Aug 2024 – Mar 2025

- Served as a volunteer teaching assistant at a programming workshop with 90+ attendees, providing one-on-one C++ support and developing Python projects to drive technical engagement.

Marketing Team Member · Cultural Committee MPSTME

Mumbai | Aug 2024 – Mar 2025

- Drove ~50 ticket sales for events attended by ~100 students and conducted outreach to 15+ companies for corporate sponsorship through cold calling and email campaigns.

Volunteer · WHT Now

Mumbai | May – Jul 2025

- Created awareness materials on cyberbullying and cybersecurity, engaging community members directly to communicate digital safety concepts.

Competitions & Workshops

NMIMS MPSTME

- Participated in Smart India Hackathon and Cyber-Cypher Hackathon, building solutions under time constraints.
- Facilitated 'Programming For Everyone (PFE)' workshop, supporting Python instruction for beginner students.

CERTIFICATIONS

- Python — Kaggle (Certificate of Completion, March 2026)
- Quantitative Methods of Biology (Data Analysis and Visualization using Python) — Online Certification (MOOC)
